

Multi-purpose

Foldable Lift

One machine, multiple uses

DKCITY
www.dkcity.com

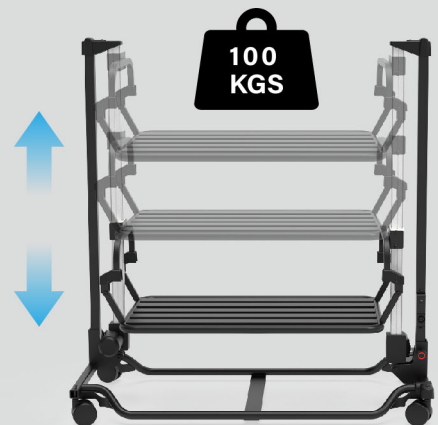

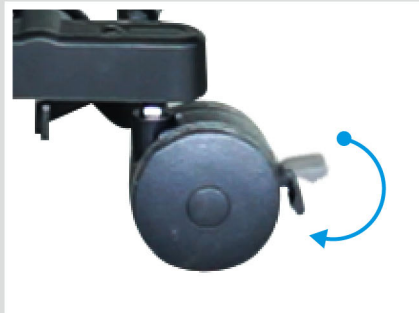

Remote Control

The pushbutton is pressed for operation, and when it is released, the operation will then stop.

Locking Casters

2.8-inch anti-skid nylon wheels in double rows to keep the load secure.

Adjustable Heights

Easy to Fold & Unfold

No assembly is required. Easily fold and unfold by the pop-in knob without any tools.

Charging Socket

Can be charged while using.

Space-saving Design

One machine, multiple uses

It's Portable. Fits in the truck and SUV. (no need to attach to the vehicle)

Household, lift the stuff on the shelf, table, or other higher places at the workplace.

Replace the luggage rack in the hotel, it's convenient to pack the luggage anywhere in the room.

The distance from the platform to the ground is only 43mm. Can move the mobility aid on directly, no need to lift highly.

SPECIFICATION

Overall Product Weight	15.60 kg (Including battery)
Max Capacity	100 kg
Platform Dimensions to Min-height (LxWxH)	805 x 500 x 230 mm A
Platform Dimensions to Max-height (LxWxH)	805 x 500 x 829 mm B
Product Folding Dimension (LxWxH)	1160 x 597 x 230 mm C
Product Dimension to Max Height (LxWxH)	1160 x 597 x 1158 mm D
Motor	DC 24V, 2000N x2
Battery	Li-ion Battery 24V, 3.5AH
Charger	29.4V, 1.5A
Wheel Size	Ø72mm (2.8 inches)
Wheel Material	Nylon
Frame Material	Aluminum Alloy
Platform Material	Aluminum Alloy
Remote Control	Two-button
